## **Xin Chao! Warmest Greetings to all our valued guests.**

Twenty years ago, FPT recognized Danang's potential as a gateway to serve our global customers. A decade later, we solidified our commitment to the city with the opening of FPT Complex, a campus that symbolizes our vision for a sustainable, innovative future and our dedication to cultivating the next generations of tech talents.

Today, Danang is more than Vietnam's beautiful coastal destination and the most livable city. It has transformed into a vibrant technology hub, a place nurturing young talent development and sparking AI innovations that are reshaping industries and driving business transformation worldwide.

FPT is proud to have grown alongside this journey. As we celebrate "Danang – 20 Years of Innovation," we extend our gratitude to our clients, partners, and friends, whose trust and support have been instrumental in shaping our position as a globally leading technology and IT services provider.

On this occasion, we invite you to join us in insightful conversations on accelerating transformation, building resilience and turning challenges into opportunities in the age of AI. We also hope you take the time to explore Vietnam, experiencing its rich culture, natural beauty, and the dynamic energy of a rising digital hub and a promising AI nation.

# VIETNAM AT A GLANCE

# COUNTRY OVERVIEW

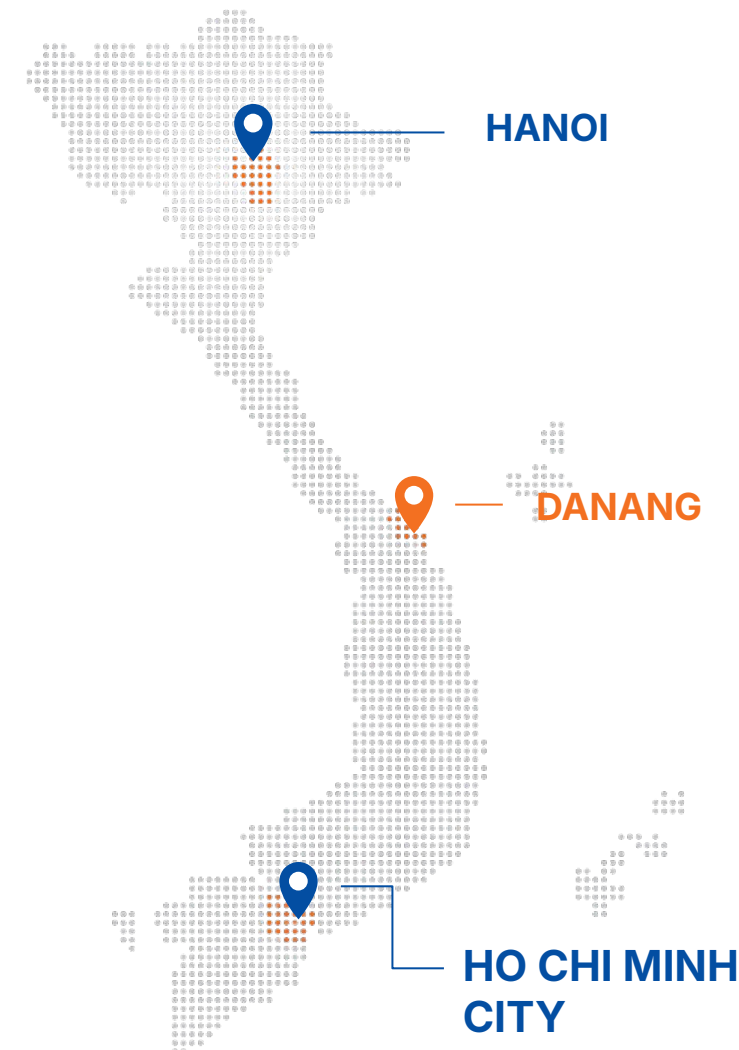

Vietnam is located in Southeast Asia on the eastern edge of the Indochina peninsula. The country shares a border with China to the north and Laos and Cambodia to the west, with the East Sea to the east. Its mainland is shaped like the letter 'S' and has a 3,260 km long coastline, as well as over 3,000 islands.

With its untrammelled landscapes and seascapes, Vietnam has become **a must-visit destination in Asia**, offering breathtaking views and exciting experiences for visitors to enjoy.

With a young workforce, solid infrastructure and stable political background, Vietnam is emerging as **a rising star for business innovations**.

# BASIC ETIQUETTES

In Vietnam, tipping is not mandatory, especially at street-side eateries and small restaurants.

Most Vietnamese are modest dresser. It's good to avoid revealing outfits and remember to cover up when visiting sacred sites.

You can use simple phrases like "xin chào" for both "hello" and "goodbye," and "cảm ơn" for "thank you." Handshakes are also common for greeting and goodbye.

Public displays of affection, such as hugging and kissing, are often seen as inappropriate.

Many Vietnamese like to have their photos taken; but it is recommended to ask for permission first.
