

From ERP to AI

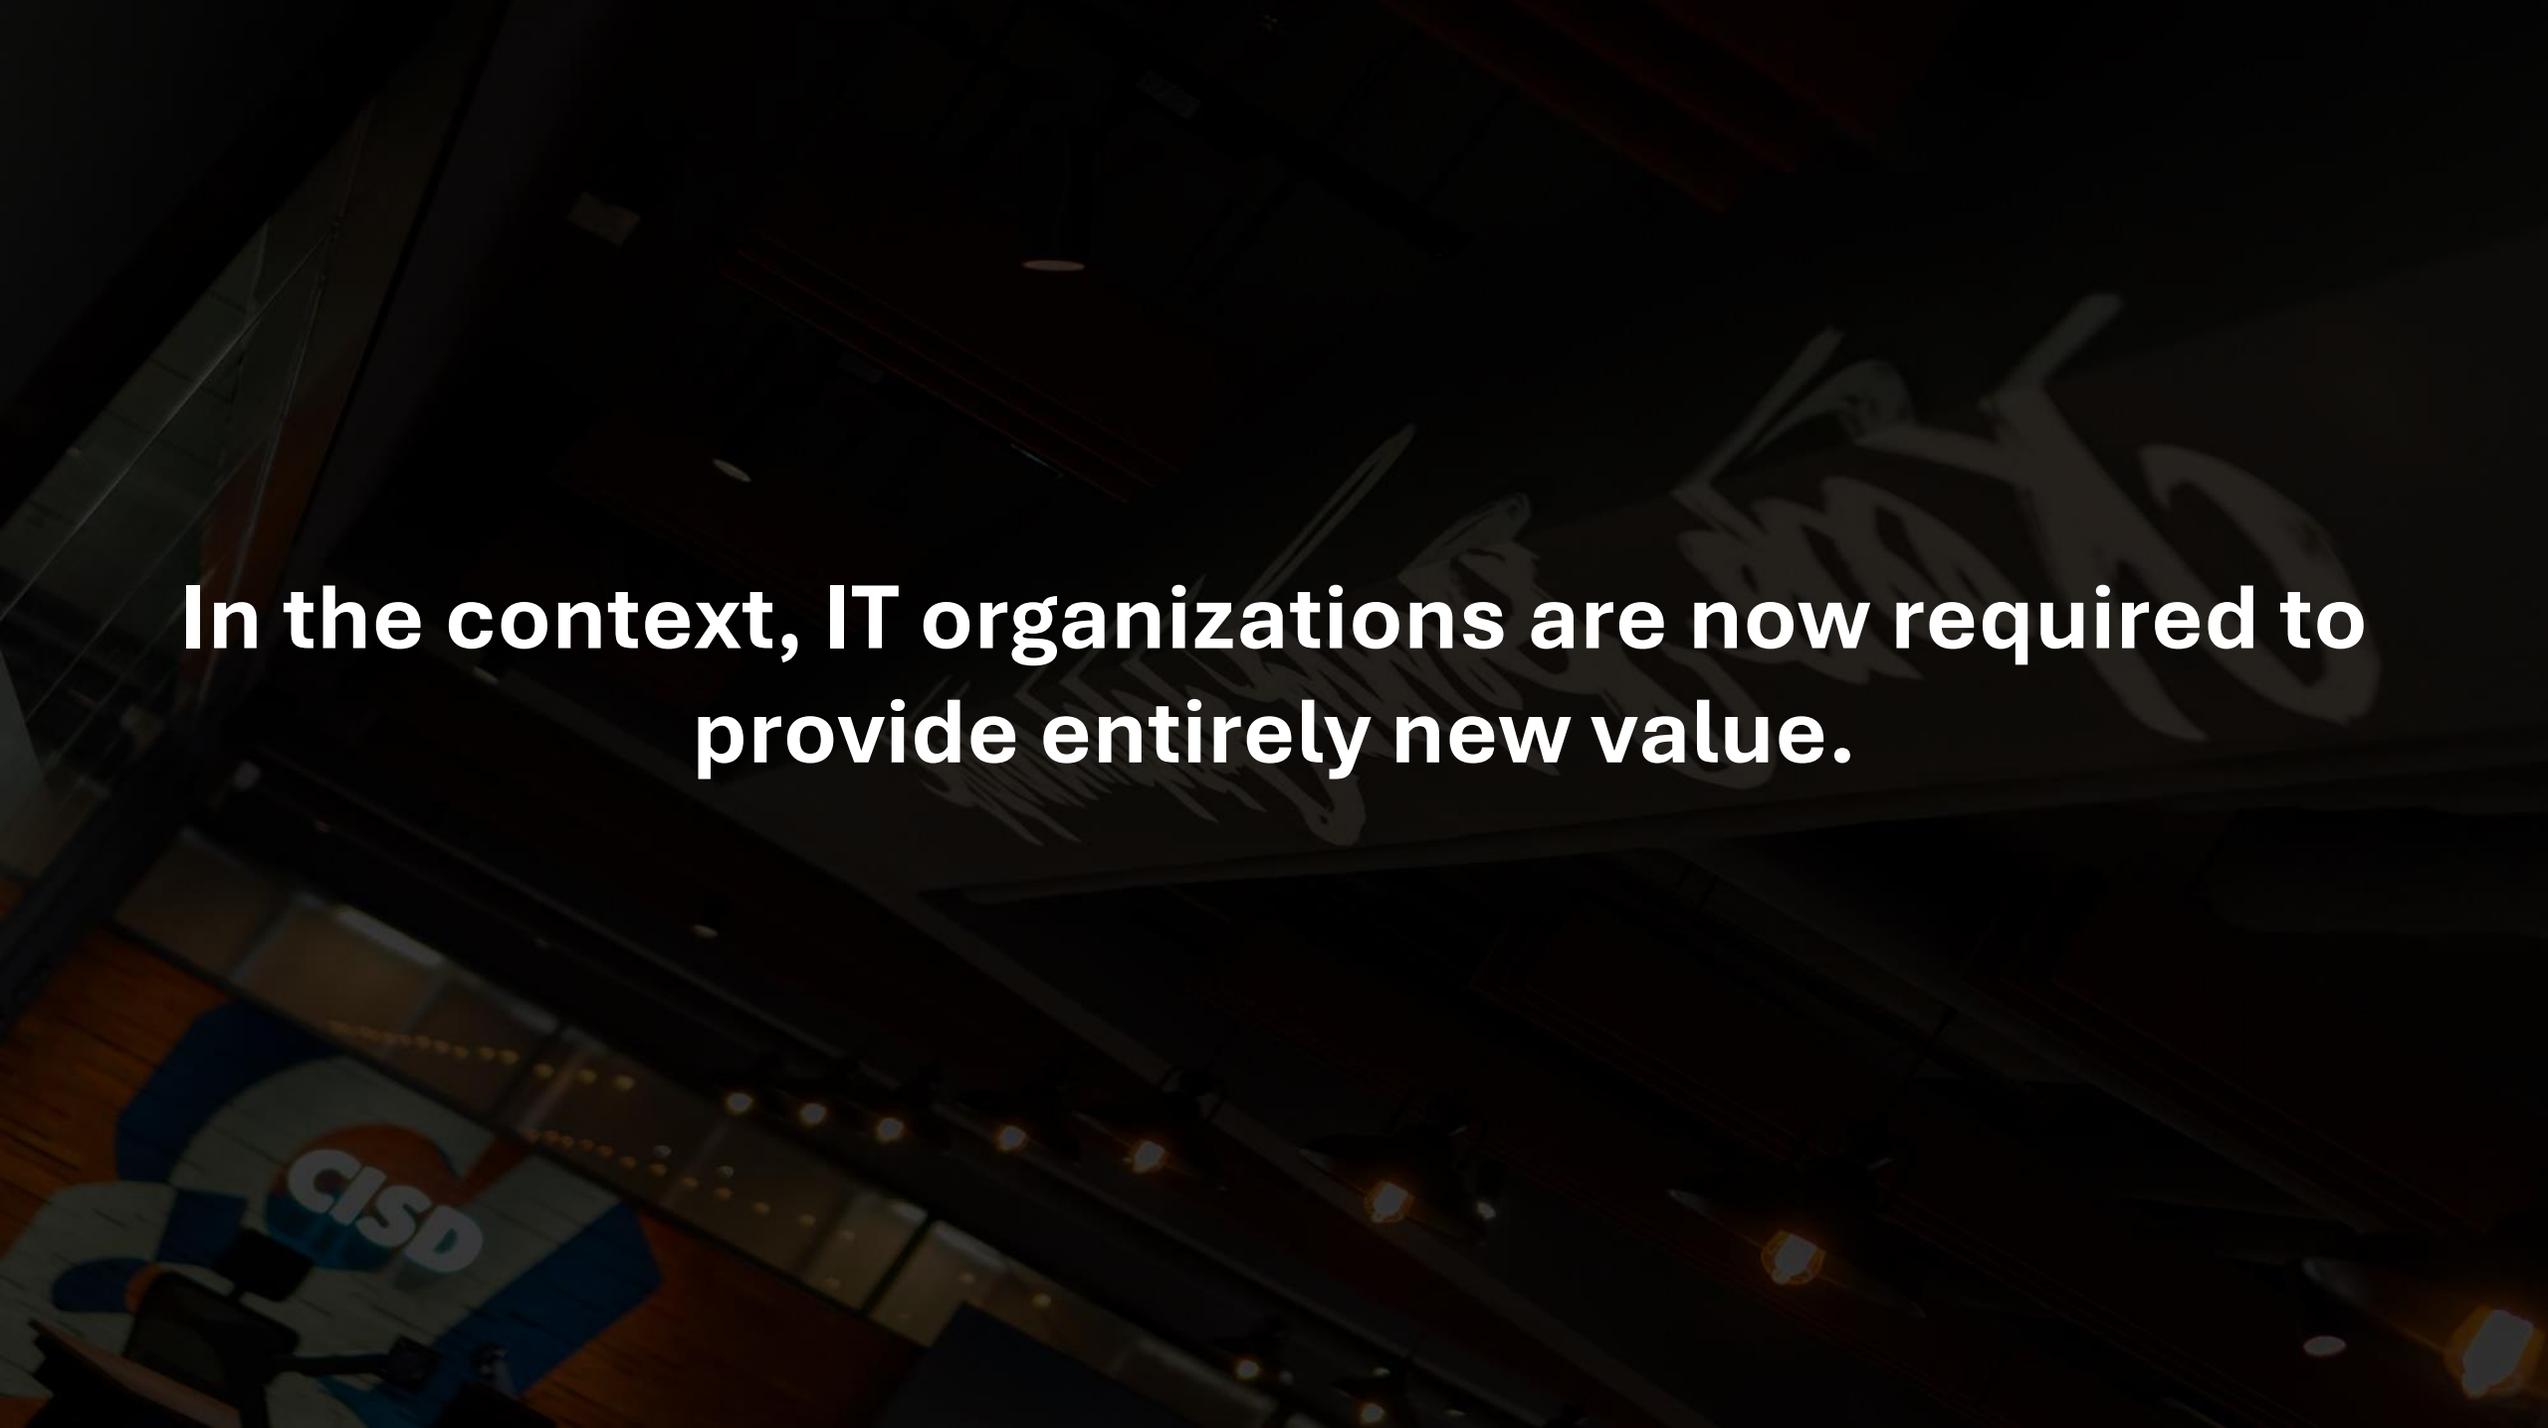

“Enhancing Partnership for Intelligent Transformation at Scale”

Get Ready to

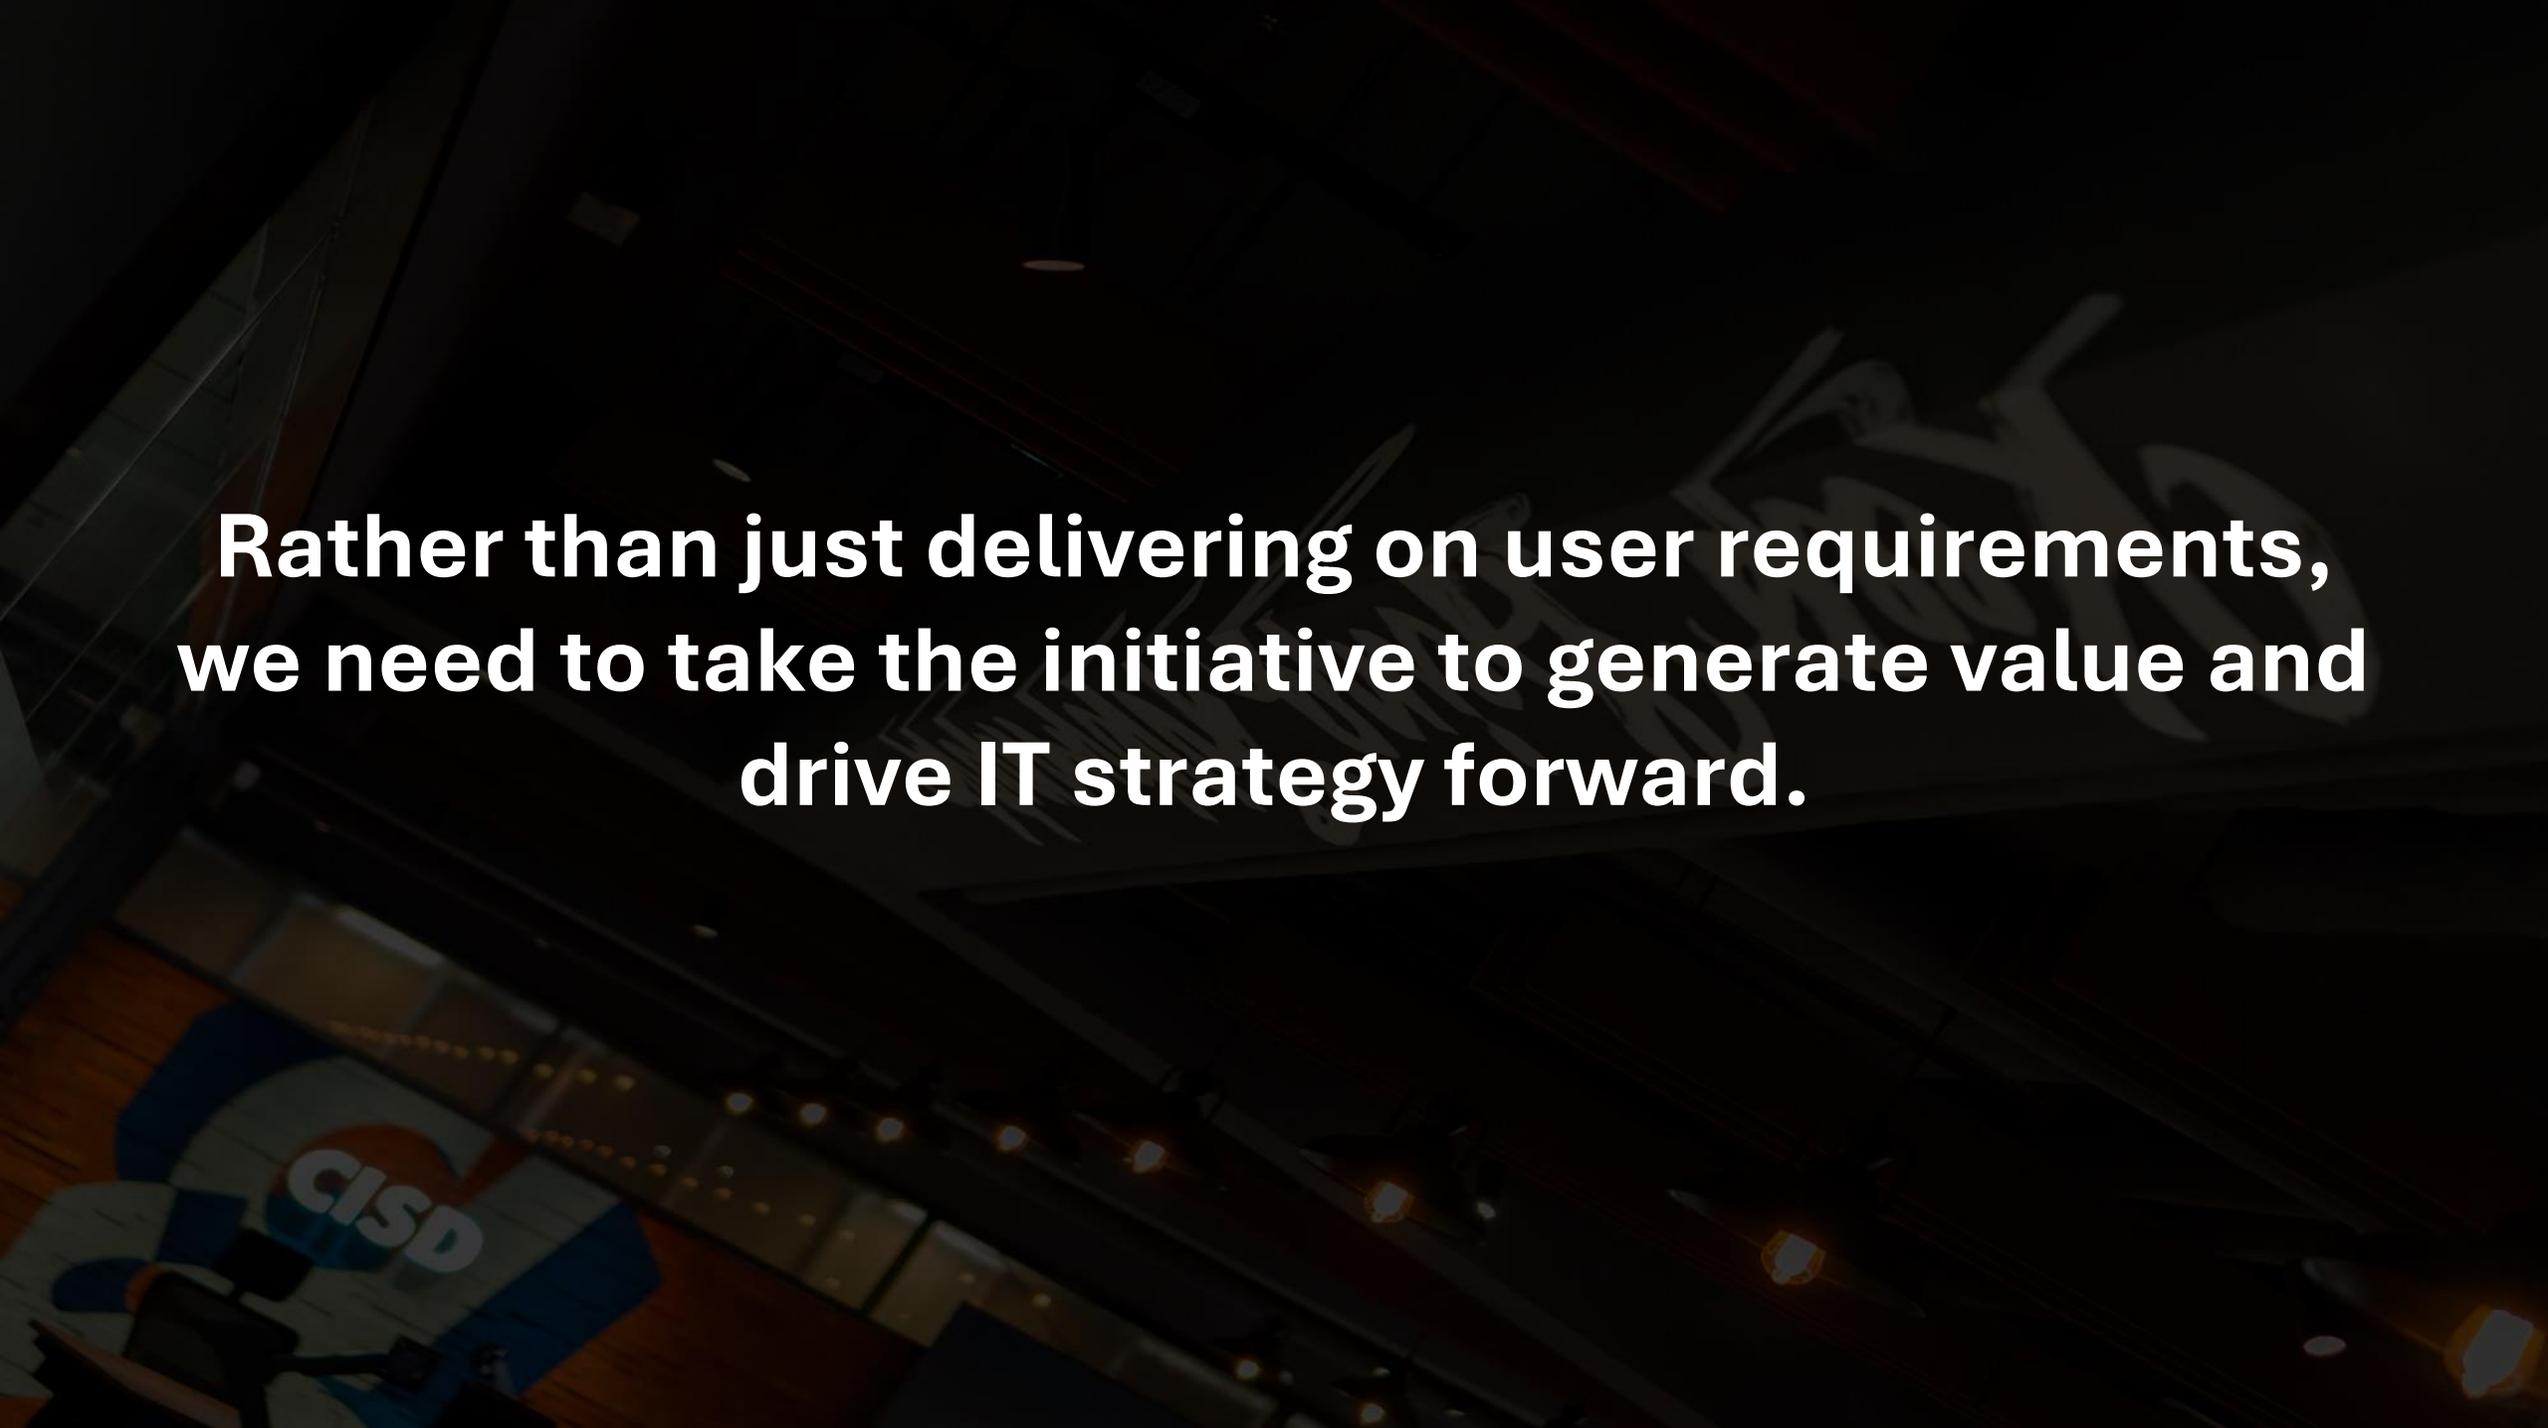

Drive IT & Digital Strategy

The background is a dark, stylized illustration of a city street at night. The street is shown from a high-angle perspective, with buildings on either side. A prominent sign on a building in the lower-left corner reads 'CISD' in white letters. The scene is lit with warm, yellowish-orange lights, possibly from street lamps or building windows, creating a moody atmosphere. The overall style is reminiscent of a digital art or animation background.

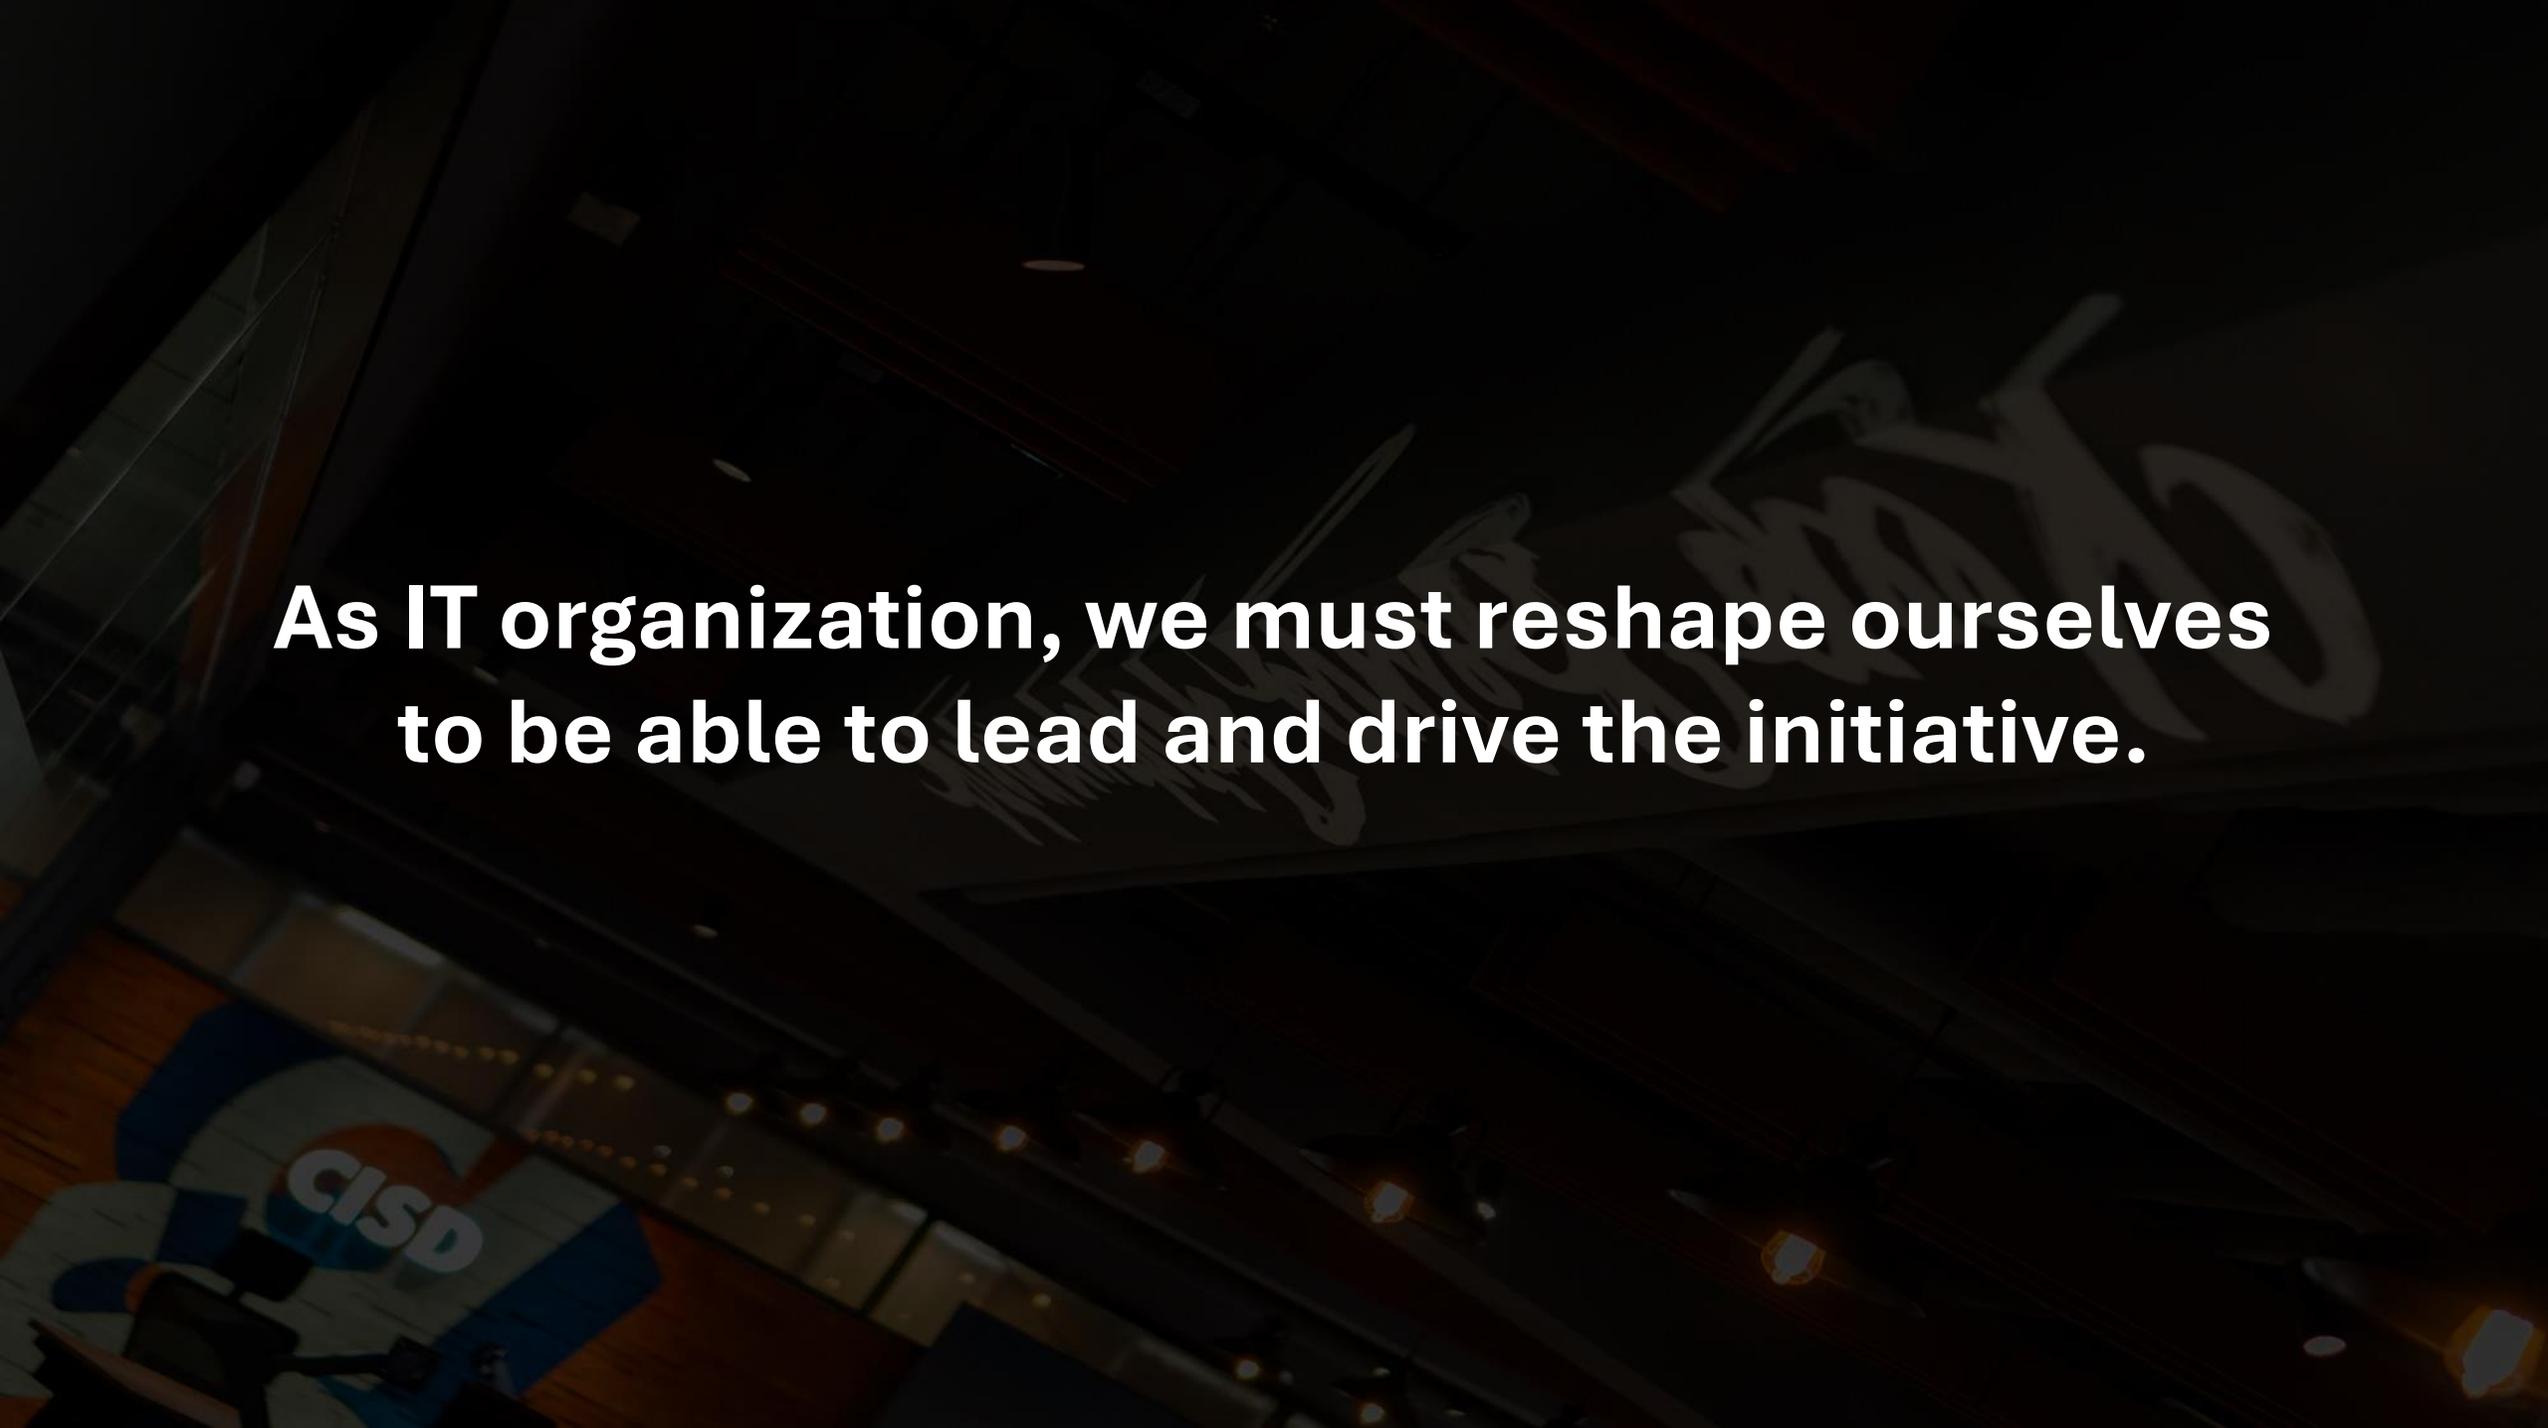

**The world is undergoing drastic transformation
at a remarkable speed.**

In the context, IT organizations are now required to provide entirely new value.

**Rather than just delivering on user requirements,
we need to take the initiative to generate value and
drive IT strategy forward.**

A dark, stylized illustration of a city street at night. The scene is viewed from an elevated perspective, showing a street with glowing lights and a sign that reads 'CISD'. The overall tone is dark and atmospheric, with a focus on the text overlay.

**As IT organization, we must reshape ourselves
to be able to lead and drive the initiative.**

Our organization must embody

Capability Agility Scalability
